Dear Knox People:

This "Directory of Knox People" is being sent free of charge to all members of the Knox family for whom the Alumni Office has correct addresses. It is more complete than any prior directory, but much desired information is still lacking. You will confer a great favor upon the Alumni Office if you will send in such corrections and additional information as you may have.

This is the first directory which has included special sections devoted to "Faculty", "Trustees", "Presidents", "Knox People in Who's Who" and "Knox Clubs". It is also the first in which the names of undergraduates appear.

Every person who has ever been a student in any department of Knox College is listed in the Alphabetical Section, with reference to special section where as complete information as is known to the Alumni Office may be found.

Non-graduate members of each class follow immediately after the list of graduates of that class. Under "Academy and Unclassified" appears an alphabetical list of those persons who attended only the Academy or took work outside the regular College courses. This list includes the names of only those for whom we have addresses or who are known to be dead.

Explanatory notes will be found at the beginning of each section.

LYMAN HAGUE THOMPSON, '17,  
Retiring Alumni Secretary.  
FLORENCE LOUISE SANDFORD, '23,  
Alumni Secretary.

# Alphabetical List

This list contains the name of every person who has ever been matriculated in any department of Knox College, including the Academy. Graduates of the Conservatory of Music are also shown.

Married women are shown under both their maiden and married names, with cross references.

Graduates are shown with year of graduation (viz. "90").

Non-graduates are followed by "X-" and the year in which they would have been graduated had they completed their courses (viz. "X-90").

Undergraduates are followed by "P-" and their class (viz. "P-25").

Academy and Unclassified students are followed by "A" or "U" and their years of attendance. A dash between the years indicates that they are inclusive; a comma, not inclusive.

# Class Lists

Both graduate and non-graduate members are listed under each class. Classification of non-graduate members, has, of necessity, been arbitrary. If those who feel that they are not properly classified in this book will write the Alumni Office, the desired change will be made.

Degrees, occupations, addresses and dates of death are shown wherever known to the Alumni Office.

In the case of a married woman, the name of husband appears in parentheses after the maiden name.

Where a first name is not used, it is in parentheses.

In all Illinois addresses the state is omitted.

Undergraduates and non-graduate members of the Classes of 1924, 1925 and 1926 are shown in this section.

# Academy and Unclassified

This Section contains the names of those persons who attended only the Academy or took work outside the regular College courses. Only those for whom we have addresses, or who are known to be dead, are listed.

Academy students are followed by "A" and their years of attendance; Unclassified students by "U" and their years. A dash between the years indicates that they are inclusive; a comma, not inclusive.

Occupations are shown, wherever known to the Alumni Office.

In the case of a married woman, the name of husband appears in parentheses after the maiden name.

Where a first name is not used, it is in parentheses.

In all Illinois addresses, the state is omitted.

# Honorary Alumni

This Section contains the name of every person upon whom Knox College has conferred an honorary degree since the founding of the College in 1837.

When an Honorary Alumnus has at any time been a student at Knox or a member of her Faculty, classification is shown in parentheses immediately after name. Graduates are shown with year of graduation (viz. "90"). Non-graduates are followed by "X-" and the year in which they would have been graduated had they completed their courses (viz. "X-90"). Academy and Unclassified students are followed by "A" or "U" and their years of attendance. A dash between the years indicates that they are inclusive; a comma, not inclusive.

Married women are listed under the husband's surname, followed by the maiden name. The husband's given name or initials are shown next in parentheses.

The honorary degree and its date follow immediately after the name and classification.

Occupations, addresses and dates of death are shown wherever known to Alumni Office.

In all Illinois addresses the state is omitted.
